### Bigger than I expected or need, takes up space

July 19, 2011

It's fine enough, but I didn't find it spectacular in any way and mostly was struck by how large it is and how much room it takes up. Made for a fairly wide bottom.

### Pleasantly surprised!

May 9, 2011

we were a bit hesitant to order the chair as some others that seemed a good price were lower in quality than we had wanted.

This chair is a good buy and good quality chair. The seat is a bit firm for some who tried it but most found it great. we will certainly keep this bookmarked for future needs.

### Awesome value!

August 20, 2010

These chairs are a GREAT value! Built well, easy to assemble and have lasted for years without issue. You might also want to look at the leather seat version of this; its great also. Highly recommended.
